

# Wright Soil & Water Conservation District

## Soil Health Incentive Program

***The Wright SWCD is promoting the adoption of soil health practices.***

- Practices eligible for cost-share assistance are cover crops, no-till and strip-till, and perennial grain crops.
- Landowners who participate will receive direct payments for the number of acres planned and implemented with these practices.
- Payments range from \$30 to \$50 per acre.
- Cost share is also available for in-field soil health assessments and soil health testing.
- Contact us to discuss practice and contract details.
